

MONKEY 9,0MM

Ref: 11440070

This is the rope for climbers who like lightweight and flow, alpinists and classic climbers. It is perfect for climbing a vista, testing routes of more than 40 metres, ice or adventure terrain routes. Its Triple standardisation, ENDURANCE construction, filaments with FULL DRY and SPD technology make it an all-terrain rope for all climbers from mountaineers and classic climbers (double or twin) to top sporting climbers. Its design prolongs the life by reducing penetration of ice, dust and sand between the filaments.

PACKAGING INFO

The packaging is made of biodegradable and recycled materials.

It contains only 4% synthetic material and 96% paper and Kraft Paper. The grounding of the applied dyes holds a vegetable origin. For it all of its packaging must be recycled as paper and synthetic material.

This new packaging enforces ropes shorter than 100m
