

Coshee Micro Tent

Short Description

The Coshee Micro is a great starting tent for backpacking. It's easy to pitch, easy to carry and with its low weight and low profile, it also lends itself as a deluxe bivi.

Long Description

Coshee Micro

The Coshee Micro is an ideal 1-person tent for those starting out camping and looking for reliability and performance on a smaller budget.

- It's quick and easy to pitch with just 2 poles
- The tent is pitched with the flysheet and inner together, cutting pitching time and speeding up packing away
- For the size of the tent, the full-length door maximises the amount of porch space for storing gear
- The low-profile design helps shed wind and provides good weather protection during 2 season use
- Includes Superflex alloy poles that are lightweight and provide superb strength and reliability
- Its high-performance flysheet and groundsheet fabrics are fully taped to provide complete protection from the elements
- For those looking for a deluxe bivi, the small pack size and low weight make this tent a good option

If you like the Coshee design but are looking for a slightly bigger tent for solo trips, look at the Coshee 2. Groundsheet protectors (footprints) can be purchased separately to prolong the life of the tent groundsheet and help keep it clean. Footprints also cover the porch area of the tent which helps keep gear protected and off the ground.
